THE CUPHEAD SHOW

by Simone Achucarro

Come one come all gamers, animation lovers and Netflix lovers! There is a new show for the most difficult game of 2017: The one and only CUP-HEAD. This 1920's-inspired game has moved from defeating bosses to little adventures with our lovable heroes Cup-Head and Mugman. They are joined by the whole cast of characters from Inkwell Isle.

The Cup-Head Show stars the main characters of Cup-Head, along with his equally rambunctious but careful brother Mugman, living in their small house in the lovely world of Inkwell Isle with their caretaker Elder Kettle. Cuphead escapes the dastardly tricks by the main antagonist, The Devil and his crew of minions, to attempt to take his soul. Join in on the fun and follow these lovable characters to see if Cup-Head can keep his soul while having a peachy keen time.
